Month of verification:	July 2018

Findings

Good Practice Principles	Description of compliance with the Principles
1 The Buyers and Sellers of digital display advertising shall ensure that the transaction is one pursuant to either (a) a Primary Agreement or (b) the specific terms and policies within an agreed or signed contract.	<p>Buyers and sellers agree to the 4A's/IAB Standard Terms and Conditions.</p> <p>The exception to the above is buyers, whose IOs reference the individual buyer's Terms and Conditions which govern their digital display advertising transactions.</p>
2 A Primary Agreement, or the specific terms and policies within an agreed or signed contract, should include the Buyers and Sellers' intention as to where the advertising should (or should not) appear. The Buyers and Sellers should select from one or both of the following means to minimise ad misplacement: <ul style="list-style-type: none"> A. Independently-certified (to JICWEBS standards) Content Verification (CV) tool (criteria agreed between the Buyer and Seller pre-delivery); or B. Appropriate / Inappropriate Schedules (criteria agreed between the Buyer and Seller pre-delivery). 	<p>Insertion orders include the details of the ad campaign, including designated whitelist sites.</p> <ul style="list-style-type: none"> A. Encore Digital Media uses Integral Ad Science (IAS) and DoubleVerify (DV) as their primary CV tools. B. Encore Digital Media only serves advertisements on Encore Digital Media and/or advertiser approved whitelisted sites. Any sites not on the Encore Digital Media or Client whitelists are effectively blacklisted.
3 Sellers should confirm the specific provisions applied to minimise the risk of ad misplacement, irrespective of whether inventory is sourced directly or indirectly. In the absence of specific provisions, then as a minimum, a statement of reasonable endeavours is required.	<p>Encore Digital Media only serves advertisements on Encore Digital Media and/or advertiser approved whitelisted sites. Any sites not on the Encore Digital Media or Client approved whitelists are effectively blacklisted.</p>

Good Practice Principles	Description of compliance with the Principles
	<p>Encore Digital Media uses a combination of human review and technology tools (third-party CV tools – see Principle 2) to minimize the risk of ad misplacement.</p>
<p>4 Sellers should be able to explain the process(es) that form the basis of specific provisions and/or the reasonable endeavours.</p>	<p>Encore Digital Media vets and approves all sites before they are added to the whitelists. The head of operations is responsible for visiting the sites and making the final approval.</p> <p>The sites to be added to a whitelist must meet the following requirements:</p> <ul style="list-style-type: none"> • Genuine Publications <p>The URLs of the site must be checked to make sure that it does not redirect. The site must have genuine editorial content rather than being a portal purely for adverts.</p> <ul style="list-style-type: none"> • Content Specific <p>For general whitelist use, a site must fall into one of the categories of News, Business, Technology or Business. For campaign/advertiser specific whitelist use, a site must be related to the specific content/industry/subject which is the subject of the campaign/advertiser.</p> <ul style="list-style-type: none"> • Brand Safe <p>Sites used on whitelists must not include:</p> <ul style="list-style-type: none"> o Adult content o Hate content o Copyright infringement o Extreme violence o Gambling content o Drug and Alcohol content o Illegal activities o Religious content o File sharing sites o Dating sites o Political sites o Unmoderated forums and blogs <ul style="list-style-type: none"> • Not be exclusively User-Generated Content <p>Sites with purely user-generated content are not permitted on the Encore Digital Media whitelist, but may be included in a campaign at the request of an advertiser.</p> <ul style="list-style-type: none"> • Have predominantly content flanked ad placements <p>For whitelist use, a site must have ad placements which are commensurate on the page with the content of the page. The pages of the site must be checked from top to bottom. If there are many ad placements which appear well below the content, the site should not be added to a whitelist.</p> <p>Encore Digital Media uses Integral Ad Science (IAS) and DoubleVerify (DV) as their primary CV tools. CV tools are activated through a third-party Demand Side Platform (DSP) for all campaigns as the default setting.</p>

Good Practice Principles	Description of compliance with the Principles
	<p>Encore Digital Media’s third-party DSP has a global network blacklist and also provides third-party tools for keyword brand safety filtering.</p> <p>Encore Digital Media blocks all sites that do not provide fully transparent URLs.</p> <p>Lastly, all unknown browsers and unknown ISPs are blocked.</p>
<p>5 Both Buyers and Sellers should understand any contractual consequences should they fail to monitor this process and respond appropriately to ad misplacement via take down.</p>	<p>Campaigns are subject to 4A’s/IAB Standard Terms and Conditions. If an ad falls outside of an appropriate schedule, Encore Digital Media will within a maximum of one business day, remove the ad with immediate effect. Encore Digital Media has the ability to remove URLs instantly from a whitelist or add to a blacklist within their DSP. The contractual consequences of not taking down an ad in accordance with the Encore Digital Media take down policy is evaluated on a case-by-case basis to the satisfaction and agreement of the buyer.</p>
